A collage of a person's face and hands, possibly a scientist or researcher, with text overlays. The image is composed of several overlapping rectangular sections, some of which are slightly offset, creating a layered effect. The colors are primarily warm, with shades of brown, tan, and yellow, suggesting a textured or aged surface. The person's face is partially visible, showing their eyes and nose, and their hands are positioned near their face. The overall composition is abstract and artistic.

Can you now explain

What happens?

I'd like you to go back, please

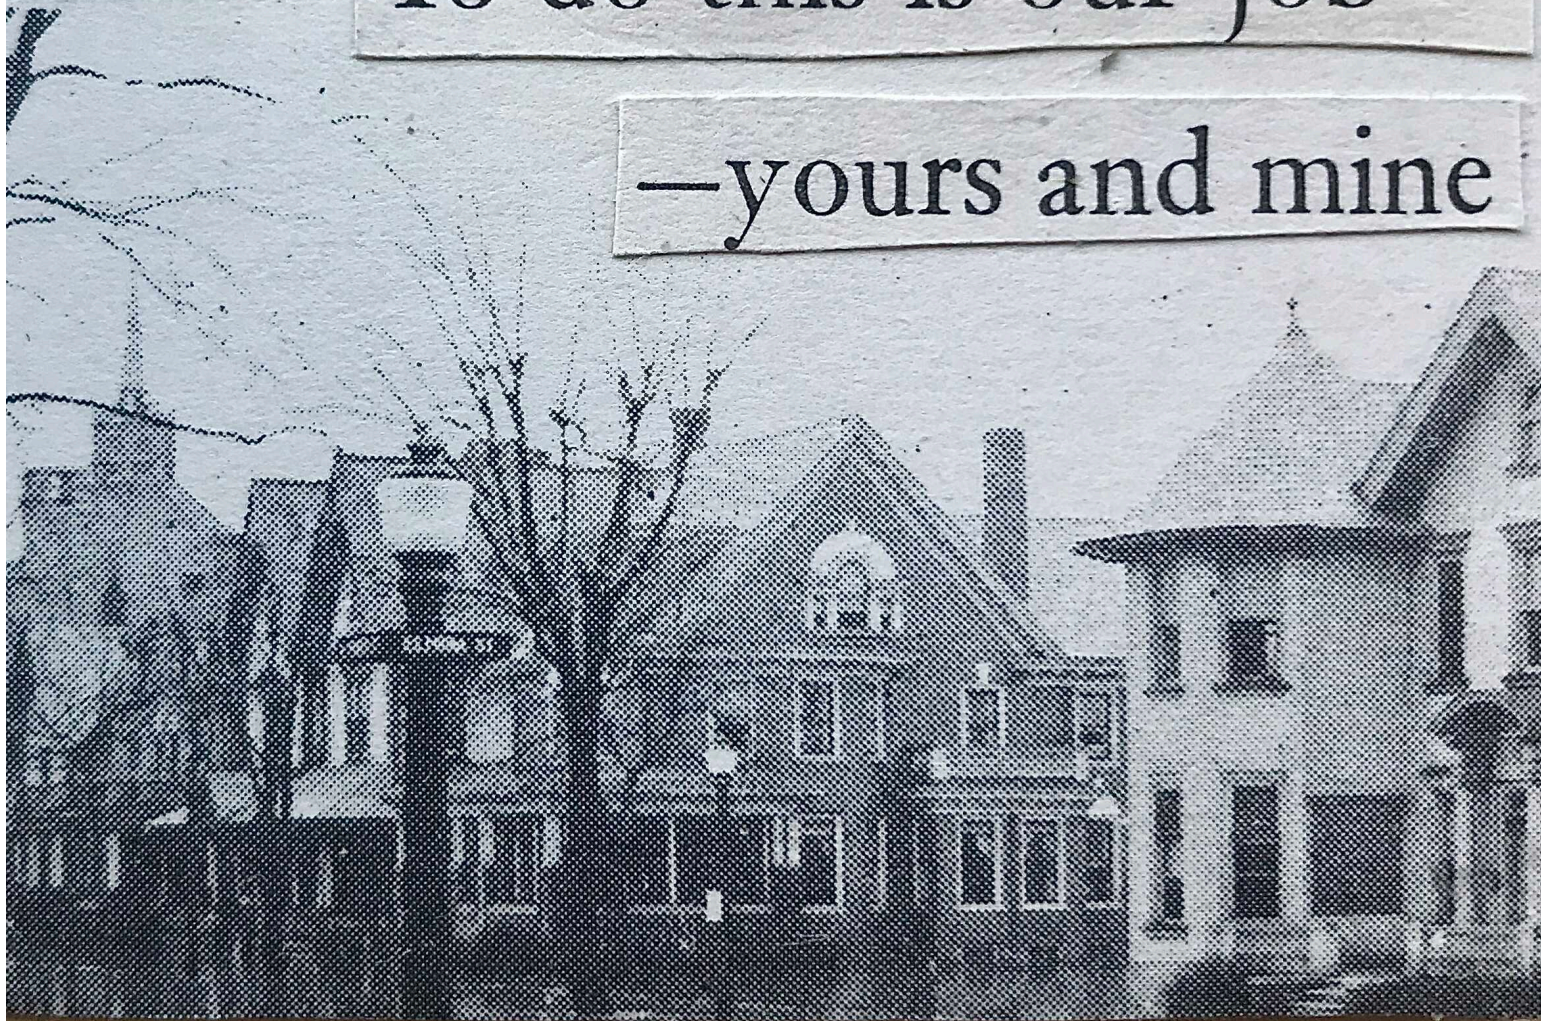

some distance

I saw no one.

To do this is our job

—yours and mine

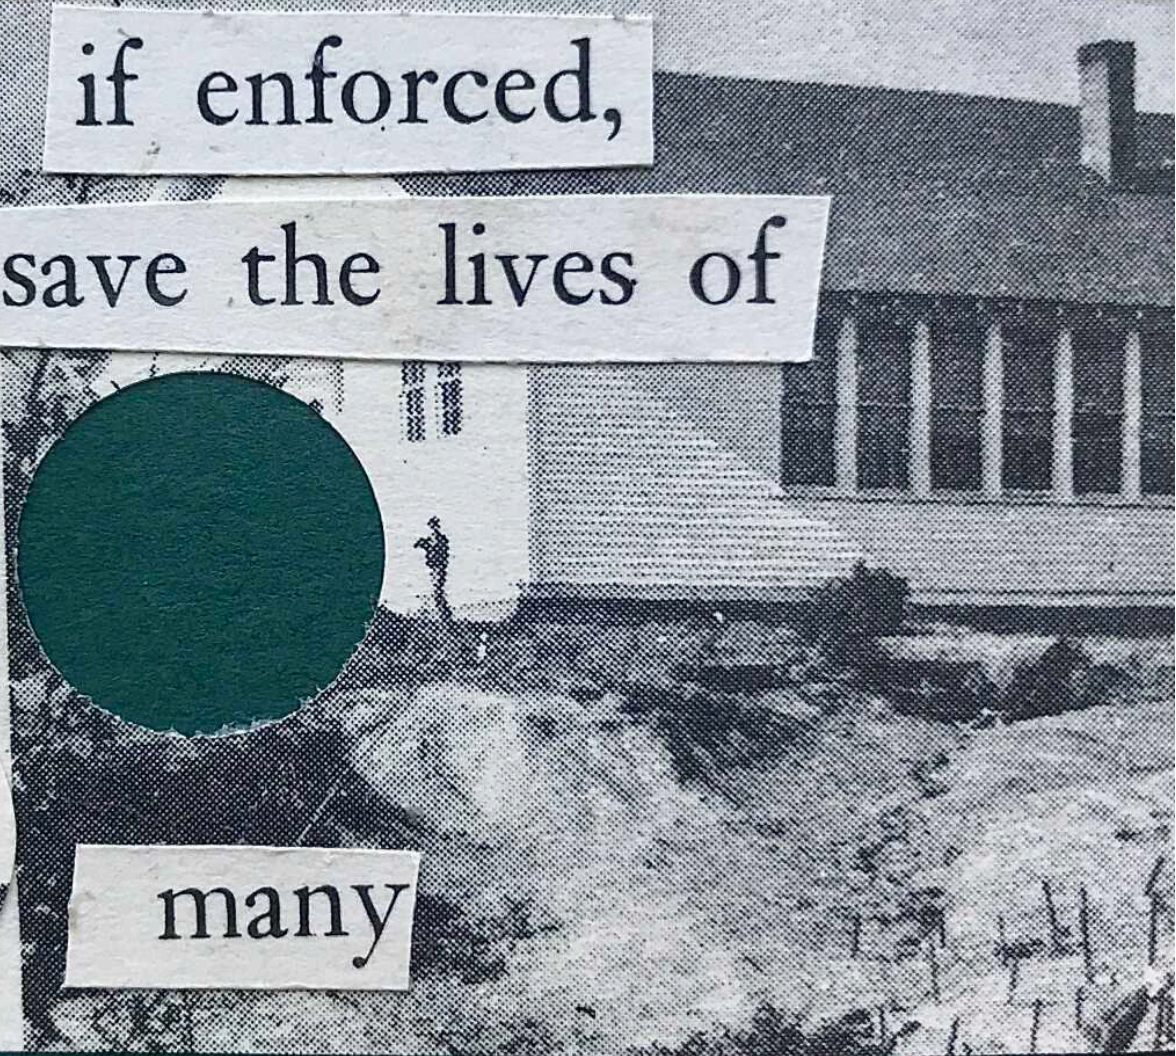

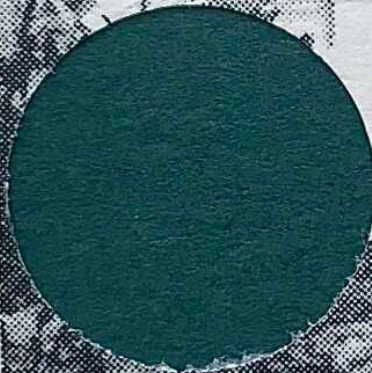

It is a little more trouble to do this,

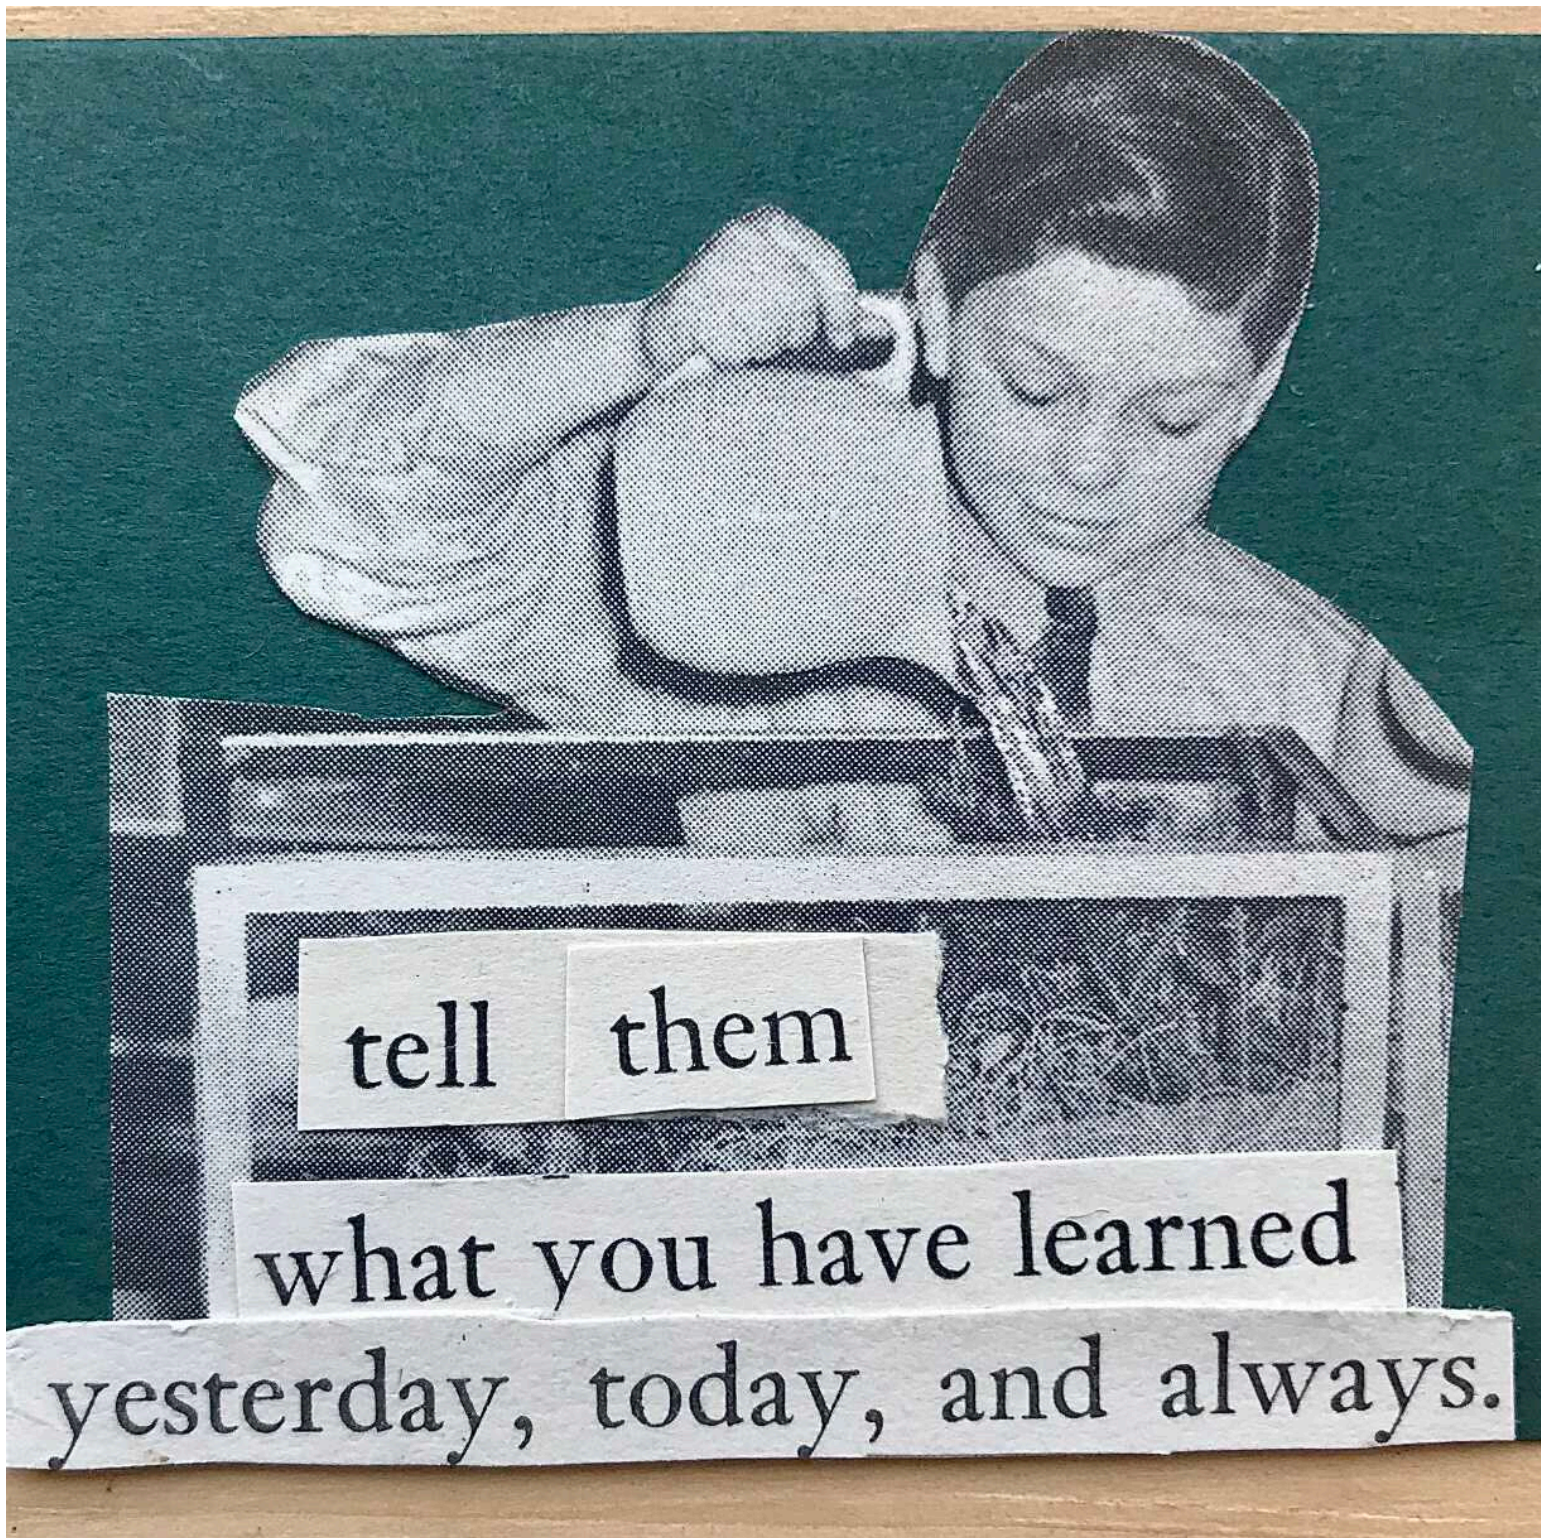

-but oh,

if enforced,

would save the lives of

many

tell them

what you have learned
yesterday, today, and always.
