

**why aren't i more
motivated**

made for #qzclub in
electric zine maker

i never have good ideas

when i do have good ideas i

dont follow through on them

when i do have good ideas

someone did it better first

my art isnt interesting

WHY

i don't have a consistent style

or theme

i made this in electric zine maker

[zine-maker](https://alienmelon.itch.io/electric-zine-maker)

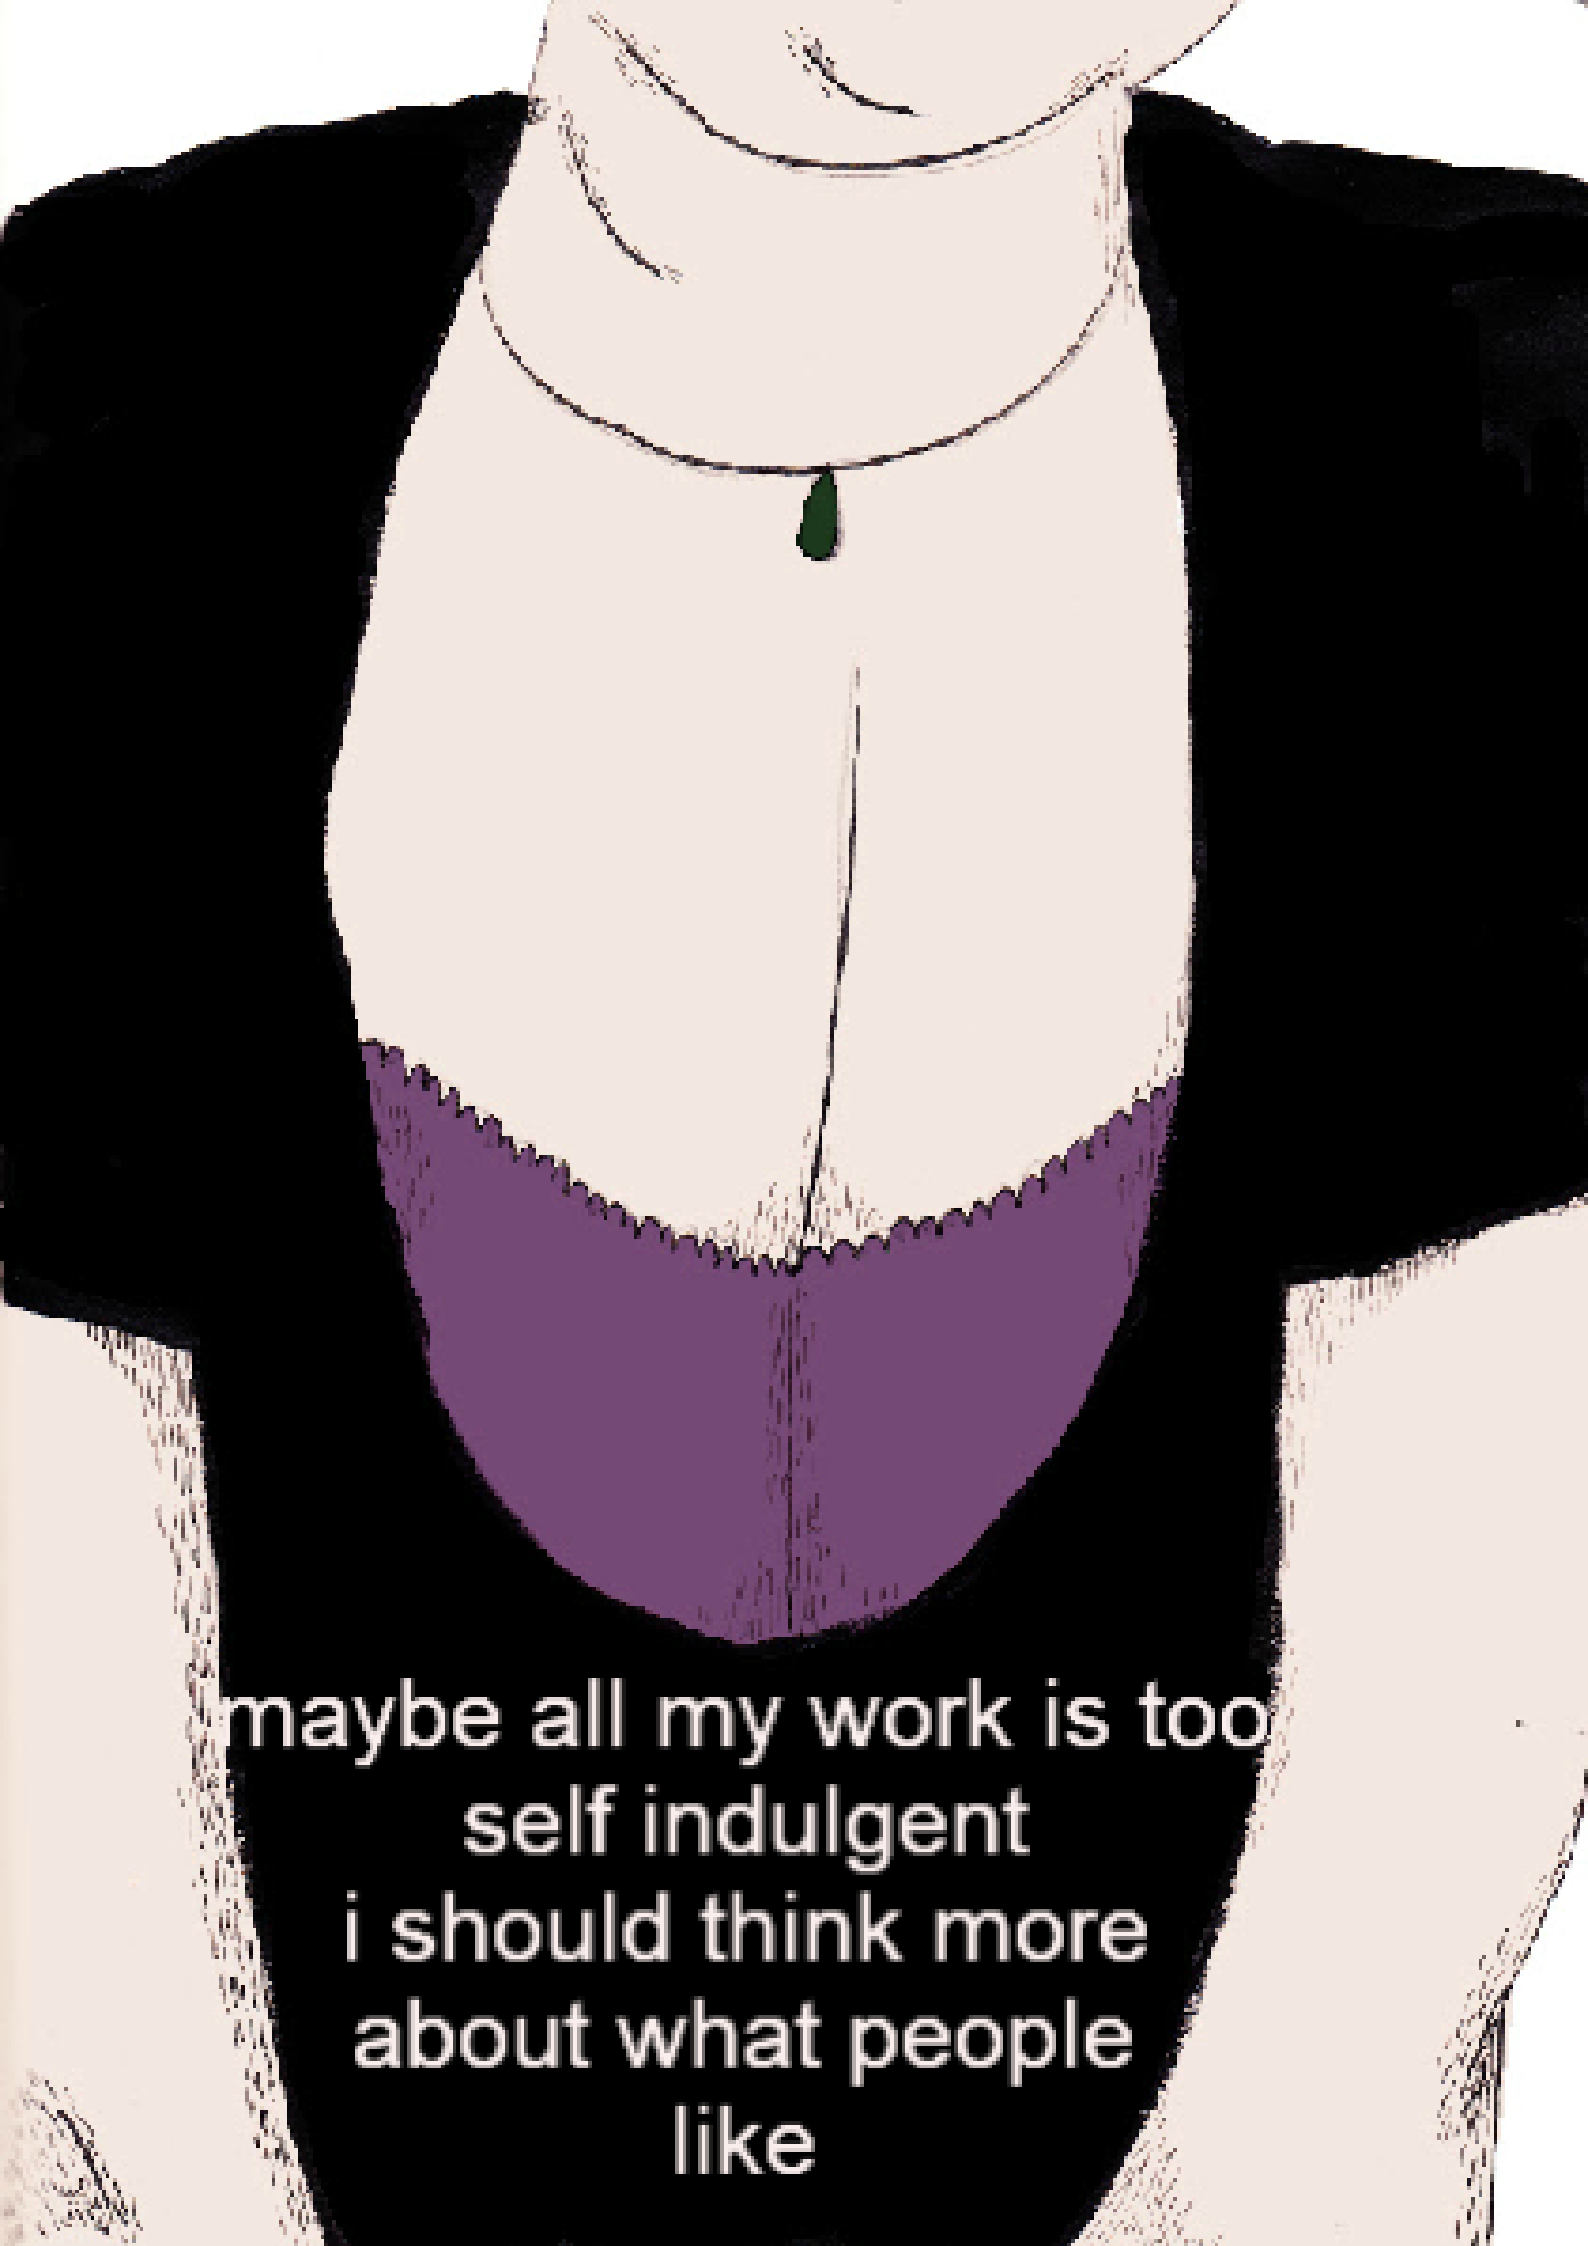

the best work i do is project-based
(see: this prompt from sticky)
so why don't i just do more projects?
i should find some people to work with
or an ideas person who wants me to
make stuff for their ideas.

i procrastinate too much
i find it easier to work with a
checklist
i spend too much time doing
nothing

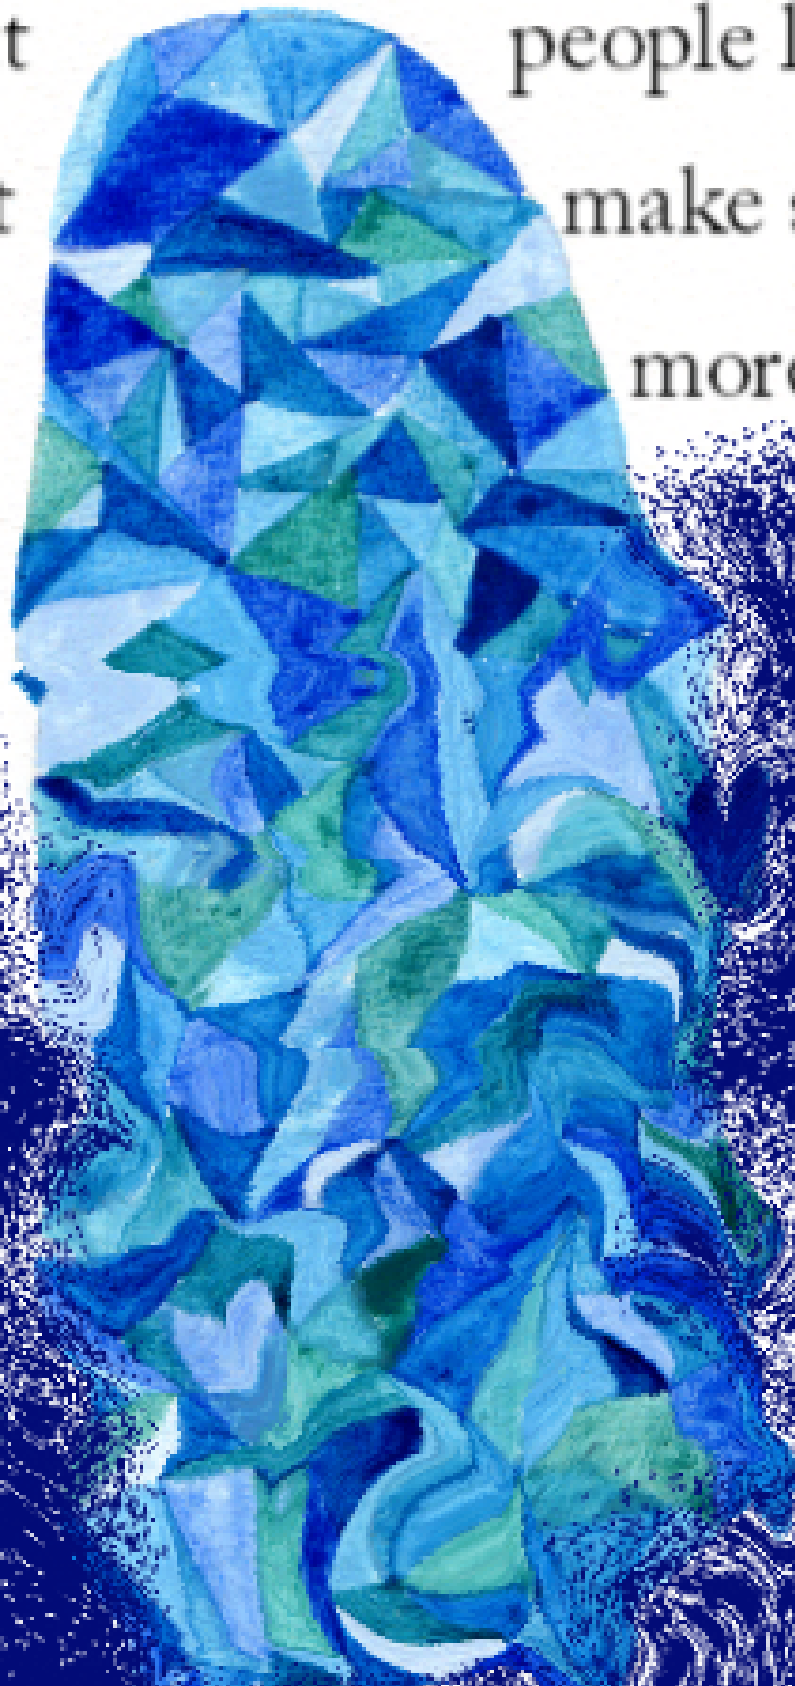

maybe i'm just lazy
that's why i'll never make
it as an artist. people don't
like the work i make
anyway

maybe all my work is too
self indulgent
i should think more
about what people
like

maybe i spend too much time worrying
about what people like. i
should just make stuff i
like. that's more
authentic.

all the images in this zine are
works i made

if you want to collaborate
please get in touch i need
motivation!!!!
