

A hand-drawn border consisting of a zigzag line with triangular peaks and valleys. Each triangle is filled with dense, dark, scribbled lines, creating a textured, chaotic frame around the central text.

WRECK #1

A RELATIVELY
POINTLESS
MINI-ZINE

2017

I made this zine
because I've wanted to
make a zine for ages
but kept over thinking it,
so I decided:

1x Pen & 1x piece of paper
& spit out whatever's
on my mind.

Unfortunately I boled the 1st
version wrong & fucked
up the pages!

so here's take two:

ZOMBIE CRAYON

WHAT ARE
YOU DOING
WITH YOUR
LIFE?

SURVIVING

"That which
does not kill
us, makes
us stronger."
(apparently...)

(Jesus, my calligraphy
needs work.)

The best part
about **ZINES**
is that there are
NO RULES!

The hard part about
starting a zine is
that there are no
rules & ~~too~~ too
much choice!

If no-
thing
else,

flowers
exist..

(even if I'm
not great at
drawing them)
