1.
seeming treasures have kept you chained
you have believed the mind's lies
playing small
clinging fast
but now energy has built
and the most familiar things need discarding

2.
answer frankly:
does this limit
or liberate?
does this raise
or reduce you?
you need that space

3.
play in the emptied arena
and watch your insights turn firm
here you begin to experience
rather than simply believe
the new thought
that changes the world

GEMINI SAYS:

KEEP IT

FRESH

I hope this note finds you well and with a full heart! Today I found myself yelling at a painting "you are terrible! That's not what I wanted you to do!" In the end I realized sometimes art makes itself, and that makes it wonderful! I am sending you all the light I can muster up!

Jack

Truth: everyone is making beauty from rough edges and doubt and confusion.

* When we were looking at houses to buy I found this enchanting neighborhood in my town where all the streets are named after ZODIAC signs.

Triangles are the strongest shape ... Three stronger than one or two.
 And three just seems to me as the most powerful number ... Nine.
 That's why it is my number. (And i believe it is why i have nine children.)
 I see that pattern show up in so many ways for me ...three threes.
 And when I do it is always a powerful message.

In great attempts it is
glorious even to fail.

i wonder if he knows
that he always thinks
someone is out to get him.

if the sight of blue skies fills you
with joy, if a blade of grass
springing up in the fields moves you,
if the simple things in nature
have a message you understand,
rejoice for your soul is alive.
